

Christmas 2010-2011

Hey Everyone,

Happy Holidays and Many Blessings as we move from 2010 to 2011 - a year of infinite possibilities. I want to thank all of you for your support this past year in helping me launch *Jesus: The Explosive Story of the 30 Lost Years and the Ancient Mystery Religions*, as well as the many DVD's and CD's on the great spiritual Mysteries. Bringing this perennial wisdom back into the world, in a way that is suitable for our age and for the Age of Enlightenment that is coming, makes it easier for light to come into the world.

In 2011 I would like to propose the spread of a Worldwide Meditation for conscious co-creation that you can help to initiate and spread to others. On January 1st, 2011, we step into the portal of 11:11 (1/1/11), an ancient Hermetic symbol for a change in human consciousness - a shift from merely focusing on the secular world of outer appearance to the inner landscapes of consciousness that is the true Cause of the world we see around us. We speak now, of course, about the realms of Spirit and the malleable ethers that are affected by our daily thoughts, words, and emotions. What we concentrate on, what we do and say comes back to us every day in the shaping of our reality.

How often has any one of us said, "This is killing me!" or "I'm so broke!" or "I feel so fat!" "I can't find a job!" "No one will ever love me!" or "Things are hopeless!" These words, so casually spoken, set vibrations of intention and manifestation into place, and they define the world that we create. As the old saying goes, "Argue for your limitations, and sure enough you will be bound by them."

So this year, let us change our realities, both personally and globally. Let us pay attention to the number ONE, a number that stands for NEW BEGINNINGS. Let us also use the power of ELEVEN, and have the courage to step through the portals of positive change so that we can shift our perspective to a higher frequency. Through our thoughts, speech, and Attitudes of Gratitude, we can change our habits, heal our relationships, manifest the right job, create health and abundance and live more fully into the purpose that we have come to fulfill.

So on January 1st and 11th, let us send forth our prayers for world healing, and the healing of anything that is not working in our lives through speaking prayers of gratitude for all that we do have, and all that we know is already ours in the Mind of God. We can particularly focus on this at 1:00 AM, 11:00 AM, 1:00 PM and 11:00 PM, where ever you are in the world. Let us put into the Holographic Field of the planet the knowledge that humankind can become enlightened now; that we can free ourselves from tyranny, both within our thinking and at the global level of leadership. Let us put into the Planetary Field intentions for the healing of the Earth, the animals, the oceans, and the plants, that we, as humans might return to a State of Balance and Grace through our actions, words and deeds.

We can use these Portals of Transformation every month this year on the 1st day and the 11th day of the month, building up to the larger portal of November 11th, 2011. In so doing we can create a standing wave of Light that will help to change our world and prepare us for the approaching Star Gate of 2012.

I urge you to pass this email on to anyone who wishes to usher in a time of greater balance in the world. I have enclosed with this letter one possible Prayer that you can use, but remember you can create your own rituals, affirmations, prayers, and ceremonies to manifest your life and your world in the highest possible way. This knowledge already lies within you. You have but to claim it.

In the meantime, starting January 1st, please check out the newest version of my website which we hope to have up and running soon: www.triciamccannonspeaks.com. It not only has archived radio shows, You Tube videos, expanded sections in a number of existing departments, but will soon have new pages on Angels, the Masters, the Goddess, and some of the other great Mysteries. These should be laid in sometime the first week of the year. By Feb or March we hope to have the Ancient Art Section completed as well. Meantime, please enjoy our latest flyer on our collection of DVD's and speaking programs. You can order any of these amazing products through the mail with a check or a money order, or through our website.

In 2011 we also hope to complete not only the audio version of *Dialogues with the Angels*, but also a longer, revised version of *Landscape of the Inner Planes: Out of Body Wisdom for the Soul*. Many of our more sight-challenged, but truly enlightened listeners have stressed how important it is that this information go into an audio format, so we are working on it. We may also offer *Landscapes of the Inner Planes* in a printed or e-book format.

In the meantime, we send you all the greatest gratitude, love and light, and the blessings of the Angels for 2011.

Tricia White Dove

Prayer for Manifestation, Abundance and World Balance

Tricia White Dove

Sit quietly where ever you are. Light a candle if possible, or sit by the fireplace. Close your eyes and breath the golden light of the Sun into your Third Eye, breathing in through the nose and out through the mouth. Imagine a rainbow bridge going from your Third Eye into your pineal gland at the center of your head. This is called the Cave of Brahma, the Cave of Creation. This is connected with your Higher Self, your Spirit Guides, and your ability to imagine, form and shape your world.

Allow this golden Sun to enter the Cave of Brahma in the pineal gland. Allow this electrical radiant golden energy of masculine Light to join with the magnetic silvery energy of the feminine light. As they join in balance, see them becoming a brilliant White Star. From this point you can create your world. Allow yourself to enter the White Star within the Cave. Imagine now from this place of connection and peace, that everything you really need is being drawn to you in accordance with Divine Will; in accordance with your particular Soul Purpose and Life Plan - the right people, the right connections, the right place for you to grow.

The path opens before you. Walk down it now, allowing yourself from this place of perfect balance to turn your head to the left and the right, seeing the healing of all negative relationships. See the manifestation of the job you desire. See the flourishing of your creative projects. Feel the right people appearing to help you. Feel the safety of abundance flowing to you and through you. Breathe in the perfect peace, the perfect health for yourself in all of your energy bodies.

And when you feel full and at peace, that inside, your world is in balance, shoot this White radiant Star Energy up into the grid of the planet, moving up a long tall column of Light. See it connecting with other Stars Beings - the Higher Selves of other Souls sending out their balanced energy to the planet. Join with them in the planetary Grid, until you see the whole planet Earth surrounded in a Grid of White Light. Allow yourself to hold this vision as long as you wish. Allow yourself to travel to any places of turmoil in the world and to send down this concentrated healing energy to others. Send it into places of poverty, war, or conflict. Send it down to animals who need healing, people who need healing, unenlightened politicians, places of floods or earthquakes. Send it down to any trapped spirits who have died in trauma, that their Souls may be released from suffering and go into the Light.

Call in the Angels of Healing. Call in the Angels of the Christed Presence. Call in the Angels who oversee this planet, and ask for their assistance and their love. Call in the energies of the Masters of Light and of the Divine Mother/Father God. Join with the power of these Masters and Angels now as you begin to practice their presence in your daily life, for both Angels and Masters of the highest Orders always work through your personal invitation.

Then, when you feel complete, express your thanks to all the Light Workers who have joined you from the heart: human, Angelic, and even extraterrestrial. Allow your own energy to now return down the column of Light into your body. Breathe in the power of your own Soul's healing energy in the Cave of Brahma, going fully into your own heart. Know that you can return to this sacred place of creation whenever you wish, for it was created for you by the Divine.
